

INVESTOR ANNOUNCEMENT

Luxembourg, 24 August 2021 – Befesa S.A. (“Befesa”), the leading provider of hazardous waste recycling services enabling the circular economy within the steel and aluminum industries, after the closing of the acquisition of American Zinc Recycling Corp. (“AZR”) announced the renaming of the acquired company to Befesa Zinc US Inc. The acquiree is the US market leader in providing electric arc furnace steel dust (EAFD) recycling services.

Additionally, Befesa has announced the appointment of Rodrigo Daud as President and CEO of Befesa Zinc US with immediate effect. Rodrigo has more than 20 years of experience in the global Zinc industry including north America, where he has recently been the Chairman of the International Zinc Association.

About Befesa

Befesa is a leading player in the circular economy, providing environmental, regulated services to the steel and aluminium industries with facilities located in Germany, Spain, Sweden, France, as well as in Turkey, South Korea, China. Through its two business units, Steel Dust and Aluminium Salt Slags recycling services, which are a critical part of the circular economy, Befesa manages and recycles around 1.5 million tonnes of residues annually, with a production of around 1.3 million tonnes of new materials, which Befesa reintroduces in the market, reducing the consumption of natural resources. Further information is available on the Company’s website: www.befesa.com
