

PRESS ANNOUNCEMENT

Befesa announces the winning projects of its first edition of the Charity Project Contest

As part of its commitment as a socially responsible company, Befesa organizes this Contest to identify specific projects where Befesa can have a positive impact by helping a charitable organization promoting a good cause through a donation.

After extensive deliberation due to the high participation and quality of the projects proposed by Befesa employees, the Jury of the First Edition of the Charity Project Contest is glad to announce the winners.

The Project “Easy Reading” of the Cerebral Palsy Association of Vizcaya (Spain) has been awarded the first prize. Befesa will contribute to this Project with a donation of € 8,000. This project allows to offer adapted reading, audiovisual and multimedia materials that can be easily understood by people with brain palsy.

The second prize will be awarded to the “Assistance dogs” Project of the Handi´Chiens Association (France) by the La Vie Sur Bourboug Association which has presented the project. Befesa will donate € 4,000 to this project. Through this donation the association will be able to educate guide dogs to improve the life quality of people with motor functional disability.

The Jury appreciates the opportunity to have been an active part in this charity initiative and encourages all employees to participate in the next edition.
